Beautiful factory-assembled railings available in black, white or bronze
factory finishes that meet or exceed the AAMA 2604 specifications.

Strong ❖ Durable ❖ Maintenance-Free

Step Up To . . . Selection

Avon™ Series

Designed for easy installation, it provides the look and feel of quality. Its simple yet sturdy design provides an element of beauty to stairs, ramps, porches and decks. Avon is ideal for a host of applications across residential, commercial or industrial properties.

Optional –
1 5/8" T.R.

Bridgeport™ Series

The superior quality of Avon with concealed fasteners! Clean, smooth surfaces with contemporary designs make Bridgeport the choice of architects and consumers. The advantage of all-aluminum design and powder-coat finish keeps these railings low-maintenance and elegant for years to come.

Optional –
1 5/8" T.R.

Bellaire™ Series

Our slimmer profile, cost-effective alternative with the same uncompromised quality and durability. Bellaire is the perfect choice for the front porch, pool deck, entrance ramp or exit off the back door. This railing will complement any setting.

Optional –
1 1/2" x 1" x 1 1/2" T.R.

Step Up To . . . Installation Ease

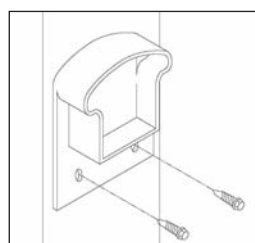

Specrail offers everything for a smooth and easy railing installation. Our deck/porch railings are designed with the highest quality aluminum alloy extrusions to provide maximum strength. The advantages of aluminum – strong, durable, rust and corrosion-free – make Specrail railings a sound investment. Simple, non-complicated fittings and factory-fabricated sections make each installation easy. No field assembly. The clean lines of these railings are appealing on a host of applications, horizontal railings, ramps and stairs. For use on homes, apartments, hospitals, commercial and industrial properties, educational environments and others. Outstanding, functional designs with great aesthetic curb appeal – Specrail.
